CLIENT CORNER

ARTA Travel Client Letters

"Dear Steve,

I met you briefly on Friday and you introduced me to Karen. I just want to take a moment and tell you what a great associate you have in your office.

I just walked in on Friday, and never expected to receive the kind of professionalism and courtesy that was given to me that day.

By the time I got home from your office I had received two scenarios of my trip that were perfect. I was able to then come up to the office in the afternoon with my associate and book the itinerary.

Karen was amazing and quick, more important all of my needs were met.

We were so pleased with Karen and your company and look forward to booking all of our domestic and international travel with Karen.

When we got in the car to leave both Ray and I asked each other what have we been doing all these years without a travel agent.

Anyway, thank you for introducing us to Karen."

World's Most Amazing Restaurants with a View...

Restaurants have long been setting tables in locales with dramatic views, but often the food has paled in comparison. With the dramatic evolution of the global culinary scene, however, it's more than safe to look past the cocktail menu at many of the world's most beautifully situated restaurants. "They actually have a view and good food at the same time," says Tim Zagat, co-founder of the Zagat Survey restaurant guides. "It's a combination that was rare 10 or 20 years ago."
